Subject: Updated Supply Risk Notice - Coronavirus Outbreak and President of Mexico Executive Order

Dear Mouser,

As the crisis surrounding the coronavirus (COVID-19) continues throughout the world, our thoughts are with those impacted both globally and within our local communities. Our priorities remain, as always, to ensuring the safety and well-being of our employees, customers, suppliers and communities while continuing to serve our customers.

On March 31, 2020, the President of Mexico issued Decree, that required the public, social and private sectors implement the immediate suspension from March 30 to April 30, 2020, of non-essential activities, in order to reduce the spread and transmission of the SARS-CoV2 virus in Mexico. On April 21, 2020, this Decree was extended from Apr 30, 2020 to May 30, 2020. The details are outlined at http://dof.gob.mx/nota_detalle.php?codigo=5592067&fecha=21/04/2020

Our manufacturing sites in Mexico are following the Mexican Presidential Decree to only produce parts that support "essential" business category as defined in the President's order and operating per the local governmental requirements for social distancing and current staffing levels

Considering these circumstances, we may not be able to fulfill our supply commitments to our customers timely, and **unfortunately need to inform you that your shipments will likely be delayed. We expect to ship your orders between mid June to late June.**

Our Customer Service team will be reaching out to you to provide the status of your orders and work with you to identify your inventory situation and short-term demand to ensure that we can focus on the most critical parts when production re-starts.

On 4/8/2020, we sent you our official Force Majeure Declaration after the COVID-19 outbreak. The additional restrictions and shutdowns described in this letter have led to even greater labor and material shortages, logistic limitations and supply chain restraints. As it continues to be unknown how long these conditions will persist, we are sending you this letter to reiterate our Force Majeure Declaration, which shall continue in full force and effect until such time as we provide written notice lifting our Force Majeure Declaration.

We appreciate your understanding and remain committed to updating you as this situation continues to unfold. If you have any additional questions, please do not hesitate to contact your Sensata Customer Service representative at your earliest convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Srinivasan Sekar".
